

A66 Northern Trans-Pennine project

Proposed changes consultation

We are looking to make some changes to the design proposals in our planning application for the A66 Northern Trans-Pennine project. We need to submit these changes to the Planning Inspectorate for consideration.

We have continued to talk to landowners and stakeholders, and our delivery partners have identified a number of opportunities to improve our project. These opportunities respond to feedback received, reduce the impact on the environment or reduce the amount of land we need to build the project.

We would like to talk to you about the changes.

We are holding a public consultation which will run from 0900 on Saturday 28 January to 2359 on Monday 27 February 2023.

We will summarise the feedback we collect from you into a report that we will submit to the Planning Inspectorate, who take the final decision on which of the changes can be made.

A full description of all the proposed changes will be available on our website on 28 January: <https://highwaysengland.citizenspace.com/he/a66-ntp-dco-application-design-change-consultation>. You will be able to make comments and let us know what you think of the proposed changes online.

A copy of our consultation brochure explaining the proposed changes will be available online or you can call us on **0333 090 1192** or email changeconsultationA66NTP@nationalhighways.co.uk to request a hard copy.

Hard copies will also be made available in local deposit points **Penrith Library, St Andrew's Churchyard, Penrith** and **The Witham, 3 Horse Market, Barnard Castle** and at our drop-in events. If you are having difficulty accessing the documents, please call **0333 090 1192** and we will help.

If you would like to find out more, we are holding the following drop-in events where members of the team will be on hand to talk to you about the changes.
